

Remake

I'm just a remake of the nerd,
that skipped 3 years of high school and went to college.

I'm just a remake of the cheerleader,
who gets called a bitch but volunteers at the center.

I'm just a remake of the artist,
who never created enough beauty for you.

I'm just a remake of the lesbian,
who gets made fun of after being raped.

I'm just a remake of the punk,
who was too unique for you.

I'm just a remake of the jock,
who never could impress you.

I'm just a remake of the girl,
who killed herself for peace.

I'm just a remake of the fag,
you always seemed to beat.

I'm just a remake of your daughter,
the one who refused to eat.

I'm just a remake of your son,
the one who was too weak.
